## What others Say:

*"Joey is an average-size forward who plays the game the right way. 200ft plays that competes and battles. Hard on the forecheck and backcheck. Joey works and works. Plays with an edge and will go to the corners along with the front of the net. He will take a hit and/or slash to make a play that helps his team. Joey is an athletic kid with good balance on his skates and has another gear if he wants to get up and go." (Neutral zone - Fall 2023)*
